

DWL RANGE

DECORATIVE LED WALL LIGHT

The DWL range of wall light has been designed as a minimalist feature wall light that gives both upward and downward light in equal measure. The sleek body protrudes only 81mm from the wall and comes as standard in white but is also available in black. Other RAL colours are available on request. A great feature of the DWL is that it can be mounted vertically for added flexibility.

This luminaire comes with opal acrylic diffusers to give homogenous illumination.

The DWL range is supplied with the latest TRIDONIC LED boards and can be ordered with either fixed output or DSI/ Dali dimmable control gear.

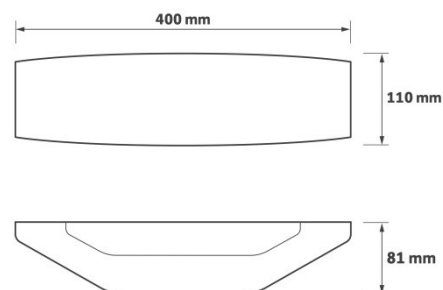

LUMINAIRE CAT NO	NOMINAL LENGTH MM	LUMEN OUTPUT*	POWER (tcW)	WEIGHT KG	DIM OPT	EM OPT
