DIMENSIONS

The GHB range is a range of LED high bay fittings that comes as standard as IP65 rated. The light weight, easy to install design coupled with a 50,000 hour life makes this ideal for factories, warehouses, sports centres and other similar applications.

The GHB is powder coated black with a choice of additional sensors – photocell or microwave, an optional cone reflector or a wire guard. The luminaire can also be fitted with emergency gear and is supplied with 5,000k colour temperature LED's as standard.
