

RCB & SCB RANGE

IP65 EXTRUDED CHIP ON BOARD LED BOLLARDS

Robust powder coated extruded aluminium bollards. Ideal for car parks, driveways and paths.

The RCB & SCB extruded aluminium bollards comes with a powder coated black finish as standard with a clear polycarbonate lens and a white polycarbonate cone reflector. Both can be cut to custom lengths and/or finished in custom colours (longer lead times will apply). For ease of upgrading existing installations, a retrofit base kit is available which fits most existing bolt patterns which can be utilised when updating old bollards, making upgrading quicker and more cost effective.

Both the RCB & SCB bollards are supplied with 4x 5W COB LED light engines which produce around 2,300lm; exact lumen output is dependent on choice of bollard.

LUMINAIRE CAT NO.	NOMINAL SIZE MM	POWER (tcW)	LUMEN OUTPUT	DIM OPTION	EM OPTION
RCB120	882 X 180	20	2,282	•	•
SCB120	882 X 180	20	2,409	•	•

ADDITIONAL ORDERING INFORMATION

- Dimming Option - add /HF-D
- Emergency version - add /EM
- Microwave sensor - add /MW
- Root mounting Kit - add /RMK
- Retrofit base kit - add /RTF
- Domed top (RCB only) - add /DT
- Pyramidal top (SCB only) - add /PTLED colour temperature:
- Cool white (4,100K) - add /CLCW

FEATURES

- Sealed to IP65
- Optional root mounting kit
- Retrofit base kit for ease of upgrading existing installations
- Flat top as standard – domed / pyramidal top also available.
- 4,100k LED colour
- Dimming option
- Integral microwave sensor option
- Emergency integral LED version
- Custom lengths available on request
- Custom colours available on request
